Projects

Gym Tracker, Workout tracking website that logs workouts and saves them. CS50 Final project. ↗
Built with Next.js, TypeScript, Tailwind, Next-Auth, Prisma, and Neon Tech Database. A website for saving routines that allows you to record six exercises, a date, and stores them in your account.

E-Commerce, Mock e-commerce website ↗
Created with Next.js, Sanity as a CMS, and Stripe. An online store that allows for easy addition and removal of products.

Modern Landing Page,
Modern demo website with animations ↗
Created with Next.js, Tailwind and Framer Motion. Landing page that features beautiful animations on scroll.
